“Climate Change and Planning Law”

Erica Levine Powers, Esq.
J.D., LL.M. (Taxation)

Adjunct Faculty, MRP Program, University at Albany: Planning Law and
Environmental Law

Agenda and Materials

This program is an interactive “brainstorming” exercise -- a work session in “Erehwon,” New York, of a municipal board or planning board, in consultation with its staff planners and outside planning consultants – on implementation of climate change initiatives at a local level.

Discussion will address the concerns of multiple stakeholders. We would appreciate a volunteer to take notes.

Please identify yourself – and the role you’re taking – when you speak.

Materials:

1. Fact pattern: Massachusetts project in Wareham, Plymouth and Carver
2. New York State DEC: Web page on Greenhouse Gas Policy Guide
3. A. NYS DEC Greenhouse Gas Policy Guide issued July 15, 2009
B. NYS DEC response to comments on proposed Greenhouse Gas Policy Guide
4. 15 Sept 2008 Proposed EAF (from DEC website)
